Official Black Hat Arsenal Tools Github Repository

This github account maps to the Black Hat Arsenal tools since its inception in 2011. For readability, the tools are classified by category and not by session.

This account is maintained by [ToolsWatch.org](https://toolswatch.org) the official organizer of the Black Hat Arsenal event

Disclaimer: Tools not demonstrated during a Black Hat Arsenal session will not be accepted

How to Submit ?

Submit your template to the **most one representative category** as a pull request. After review, we will reflect the change on the repo. Use the given template `tool_name.md` . Change `tool_name.md` to your tool name (ex: lynis.md)

Missing a category ?
